

The Survey's Coming! The Survey's Coming!

Attention personnel congregational leaders!

The 2008 Salary Survey will be coming to you via Email this Spring!

We will be sending the 2008 salary survey to every congregation using the Email we have on file here at the UUA.

In many cases, it will go to the congregational office. We ask that the Email be forwarded to the person or people who are best able to provide the salary and benefit information.

The survey will be done through the use of "Survey Monkey" and can be completed on-line and submitted back to the UUA via Email.

We will use the data collected from this congregational survey as a basis for the 2009 recommended salary ranges.

Please contact your local District Compensation Consultant with any questions you may have about the salary survey.

The current listing of the Compensation Consultants is on the reverse side of this notice.

Watch your Emails for the 2008 Salary Survey!
