

One And One

One Thing Going On

Learning About the Affordable Care Act

Health care is changing. By January 2014, the heart of the Affordable Care Act (ACA) will be implemented. It is the responsibility of all employers, including congregations, to learn about the ACA and to fully prepare themselves to make thoughtful decisions regarding employee benefits, including health insurance.

The UUA Health Plan/Office of Church Staff Finances urges you to [review key information now](#), and to remain engaged. We anticipate sending out an ACA alert each month, or as indicated, based on information as it becomes available. You do not need to be a participating congregation in the UUA health plan to subscribe to our alerts.

To receive alerts: email your name, congregation or UUA affiliate, job title, and preferred email address to Patti Angelina, Insurance Plans Coordinator insurance_plans@uua.org

One Useful Tool

What Moves Us

New, revised theology curriculum online now! The 10-workshop program by Rev. Dr. Thandeka, [What Moves Us](#), is ready for use by Unitarian Universalist congregations and groups, after field-test revision.

What Moves Us peels back the doctrine-rich theological language that can prevent us from affirming our faith experiences with one another and in the wider world. Through shared direct experiences and reflection exercises, readings and lessons, and ethical deliberations, What Moves Us creates an adult faith journey for Unitarian Universalists who want to preach and teach

what they already experience but have not been able to articulate: the spiritual power of our faith.

The updated Tapestry of Faith program streamlines facilitator preparation and actively engages participants in theological reflection alongside our historic and contemporary UU theologians.
