ANNUAL REPORT
ON GIVING

2007

Each year, the abundant generosity of individuals and congregations demonstrates your passion for Unitarian Universalism—and 2007 was no exception. Your contributions enable the **Unitarian Universalist Association of Congregations** to:

- *Support our congregations as they minister in our communities*
- *Open our doors to more people seeking a spiritual home like ours*
- *Continue to be a respected public voice for liberal values in the world*

Let us join together in gratitude to celebrate and recognize all of the contributions from our member congregations and many individual donors.
