

The Unitarian Universalist Association in collaboration with the United Church of Christ, Advocates for Youth, the Union for Reformed Judaism and the Religious Coalition for Reproductive Choice present the 6th annual

Sexuality Education and Advocacy Training

The Sexuality Education and Advocacy Training (SEAT) teaches youth, young adults and allies how to be effective advocates for comprehensive sex education through workshops on community organizing, lobbying, and anti-racism/anti-oppression. The four day training is a great way to become more involved in advocacy issues.
